

KLAMATH 9-1-1 COMMUNICATIONS DISTRICT POSITION DESCRIPTION

TELECOMMUNICATIONS SPECIALIST TRAINEE

Position Title: Telecommunications Specialist Trainee (TCST)

Supervisor: Operations Manager, Communications Supervisor, & Training Officer

Position Overview: Under the supervision of the Operations Manager, Communications Supervisor, & Training Officer, the TCST will learn to provide emergency dispatch services. This will include operating the various communication systems located in the communication center. TCST will learn to answering all incoming emergency and non-emergency 9-1-1 telephone lines and inputting each call for service, providing detailed pre-arrival instructions to callers when necessary. The TCST will learn to dispatch for police, fire and medical units, as well as other public safety and emergency responders. TCST will actively be researching and providing information for officers in the field, as well as relaying and recording information provided by patrol personnel. The TCST will learn most geographical features of Klamath County, which are necessary to effectively perform the duties of the position. The TCST will learn all aspects of the job during a 22 week intensive internal training environment, with an additional three and a half week training program in Salem, OR.

Working Environment: Shift work is performed at the Klamath 9-1-1 Communications Center, some travel is required for the training academy in Salem, OR.

Qualifications:

1. Record free from criminal convictions
2. Education - High school graduate or equivalent.
3. Experience – A minimum of one-year verifiable employment.
4. Equipment used - Multiple computers with keyboarding minimum of 30 wpm, communication equipment, fax machine, 9-1-1 telephone lines, paper shredder, and copy machine.
5. Ability to learn and implement the policies, practices and procedures of the District.
6. Ability to learn to make independent decisions and solve problems pertaining to 911 center and duties.
7. Ability to learn and effectively use oral and written communication in the performance of duties and responsibilities.
8. Either hold or be able to obtain a valid basic certificate in Telecommunications and EMD from the State of Oregon.

Essential Job Functions:

Physical:

1. Must be able to pass a drug screen & medical examination within the acceptable limits established for Telecommunicators in conjunction with DPSST F-2T standards.

These standards are as follows:

Visual Acuity: Corrected vision must be at least 20/30 (Snellen) when tested using both eyes together.

Color Vision: The ability to distinguish red, green, blue, and yellow as determined by the HRR Test, 4th Ed. If red or green deficiencies, the ability to read at least nine of the first 13 plates of the Ishihara Test.
